WORK EXPERIENCE

Trybe EdTech

Remote

Junior Software Developer / Junior Teacher

Jul 2022 - Nov2023

- Developed features and tools for the educational platform using TypeScript, React, Next, and Redux.
- Created support and study materials for students.
- Conducted Q&A sessions and guided students through course projects and exams.

Skill Labs

Brazil, Remote

Software Developer / Tech Lead

Nov 2023 - Present

- Leading technical development of "Alice" using TypeScript, NextJs, React, React Native, MySQL, NodeJs, AWS, Git, and Figma, ensuring the highest standards.
- Spearheading current business strategy, conducting profitability analysis, and securing funding for Alice in a continuing startup collaboration with Skill Labs.
- Driving strategic development of Alice through ongoing UI research, aligning with user needs and preferences.

LEADERSHIP EXPERIENCE

Alium.

Rio de Janeiro, Brazil

Founder

Jan 2018 - Nov 2019

- Developed a unique agile methodology for Tax Analysis, resulting in a 30% faster analysis and workflow efficiency.
- Achieved a society with the largest Insurance Broker in Rio de Janeiro, which allowed us to expand more than five times our potential clients since Day 1.

Eu!SóQueMelhor (I!OnlyBetter)

Rio de Janeiro, Brazil

Founder

Dec 2019 - Dec 2021

- Developed and implemented a program to evolve employees' skills, resulting in a large improvement in productivity and about 45% reduced turnover.
- Analyzed and revamped an entertainment group's individual product and manufacturing costs, mitigating unseen budgetary losses and boosting billing from 12 million to 15 million within five months.
- Raised the very same entertainment group markup by 35% within these same five months, despite 3 of them being on soft lockdown.
